7600 West Interstate Highway #85  
Charlotte, North Carolina

# PROLOGUE

"Progress" has been one of this Institution since its beginning. The school year 1963-64 found all personalities associated with the college "Igniting the

Flame of Progress." Our program was aimed at building the image of Mecklenburg College in the Charlotte Community.

All of us have felt the glow from the flame. To many of us Progress' meant changes. On July 1, Mecklenburg College became Central Piedmont Community College. Changes involved the System, the Administration and the Curriculum.

Time for Study

Time for Work

We, too, had to study, because most of us knew the 'real reasons' for being in college. Like every college and every college year, we witnessed the usual personal problems, pleasures, and complaints. We understood that these items, common to life, represented the glow of the "Flame of Progress."

Time for Fun

# CLASS OF 1963

## ALMA MATER

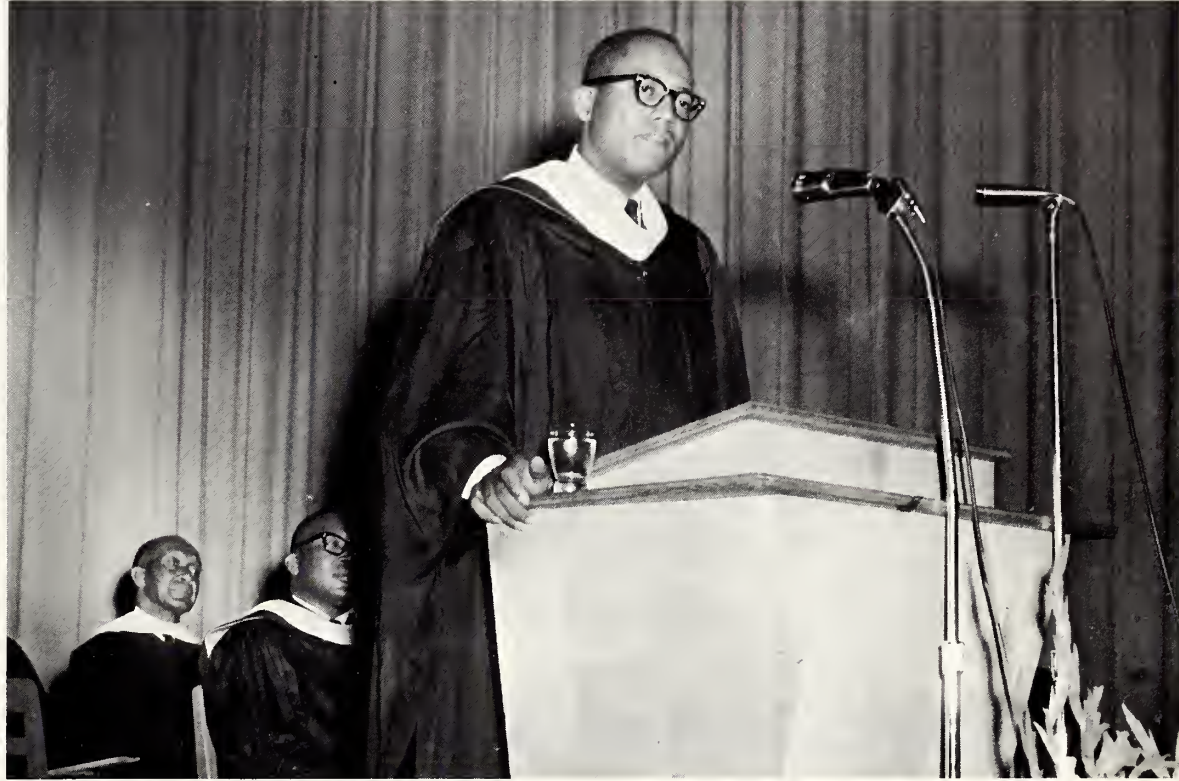

Dear Mecklenburg College, our voices raise on high  
For your guidance, spirit, we on thee rely.  
Your hallowed walls in education's cause --  
We'll honor thee through eternity  
Mecklenburg, our life, our all.

Enriched have our lives been by things we've learned here,  
Our friends, studies, teachers, memories all dear.  
May ever you stand, in splendor by His hand.  
Your aims, ideals, you've in us instilled,  
Mecklenburg, our life, our all.

When days here are ended and on our way we go  
To fields of endeavor, helping lives to grow,  
Our prayer e'er shall be Mecklenburg all for thee,  
We'll honor thee through eternity  
Mecklenburg, our life, our all.

" . . . Ask not what your country can do for you; but  
ask what you can do for your country."

President John F. Kennedy

*November 22, 1963*

Samuel Julius McLean was born to John Edward and Amelia McLean in Douglas, Georgia.

He entered the once operated Haines Institute of Augusta, Georgia. Following his graduation from high school he came to Charlotte, North Carolina and entered Johnson C. Smith University College of Liberal Arts.

He completed his formal college training for the A.B. degree in 1936. He entered the Theology Seminary at Johnson C. Smith and was licensed to preach the gospel in 1938 and ordained by the Presbytery of Catawba in April 1939. In 1940, he was Commissioner to the General Assembly of the United Presbyterian Church in St. Louis, Missouri. In May of the year, he received the B.D. degree, after which, he became pastor of Loves Chapel Presbyterian Church in Mecklenburg County, North Carolina.

While serving in these churches he matriculated at Columbia University where he received the M.A. degree in Religious Education.

In 1953, he was called as pastor of the Brandon Presbyterian Church in Charlotte, North Carolina. While serving the Brandon field, he did further study at the University of Pittsburgh in Pittsburgh, Pennsylvania. In 1960, he was awarded the Masters of Education degree from the above named university. He also completed residence requirements for the Ph.D. degree from the University of Pittsburgh. In 1955 he served as moderator of the Synod of Catawba. He was active in the Presbytery of Catawba in various capacities.

He served as president of the Charlotte Day Nursery in 1963 and was re-elected for the 1964 term. He was of significant service to the Boy Scouts and spear-headed the inter-racial-weekend camps at the Brandon United Presbyterian Church.

He served on the Mayor's Friendly Relations Committee. There can be added to these events of his life a number of varied activities of service to humanity. His contributions to the church will be far-reaching in the future of the community which he served.

There are three degrees of filial piety. The highest is being a credit to our parents, the second is not disgracing them; the lowest is being able simply to support them.

Confucius, THE BOOK OF RITES. Ch. 21  
(C.500 B.C.)

A Father's goodness is higher than the mountain;  
a mother's goodness is deeper than the sea.

S. G. Champion, RACIAL PROVERBS  
(1938) A Japanese proverb

# THE ECHO STAFF

## *The Editor Speaks —*

The members of the 1964 Echo Staff have striven devotedly and untiringly to provide a permanent record of those experiences we had here.

The staff had its usual problems the frustrations, the anxiety and that tired feeling -- It's all over now!

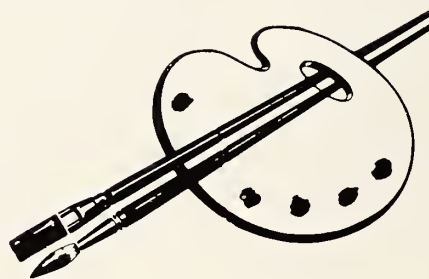

Through our many efforts and limited materials, we leave you with collected memories of a year of progress at our Alma Mater.

## THE CHRONICLE

VOL. VI—NO. 1

CHARLOTTE, NORTH CAROLINA

DECEMBER, 1963

This class which anticipates graduating in 1965 is a large and energetic one, with realistic plans for the future. Because of the diversity of high schools attended, they have varied talents and much to offer.

### College Name Changed

Under a recent Community College Act passed by the North Carolina State Legislature, Mecklenburg College and the Industrial Education Center were merged into the Central Piedmont Community College.

For the present at least, the new college will continue to function as a two-campus institution with each campus having about the same educational program as before the merger.

Dr. Richard H. Hagemeyer, director of the old IEC, has been elected president of the new college by the institution's board of trustees. President Hagemeyer heads an administrative staff composed of a dean of instruction, four associate, and three assistant deans. From within the framework of the old institutions, the following men have been appointed positions under Dr. Hagemeyer: Dean B. Davis, Associate Dean of Trades; James A. Kiser, Associate Dean of Student Services; James F. Alexander, Assistant Dean in charge of the Beatty's Ford Campus; Walter R. Hintz, Assistant Dean in charge of night operations at the Elizabeth Avenue campus; and Donald R. Warren, Assistant Dean in charge of the Ansonville Unit.

One advantage of the merger to the Beatty's Ford campus students is that tuition fees have been reduced from \$6.00 to \$4.00 per semester hour.

At this time no one knows the full story of the institution's future; however, whatever the outcome, all who are concerned about the youth of our community should be expressing hope that the students at this institution will continue to be stimulated to greater educational growth.

### Message From the President:

I welcome the opportunity to greet you representing the administration and the Board of Trustees of the newly created Charlotte Community College System. I wish I could talk with each of you individually about the bright future ahead in Community College education for this section of North Carolina, but since this is impossible I would like to express a few thoughts through the medium of your paper.

The Legislature, in 1963, created a new system of community colleges in the State of North Carolina. This action will have a great impact upon the people since it represents a great advance in the educational opportunities available to youth and adults in the State. This act merged Mecklenburg College and the Central Industrial Education Center into a new Charlotte Community College System. This new institution represents the first step in the development of a Statewide system of community colleges.

Students, teachers and administration working together can create a new institution of which we all can be very proud. I ask you individually and collectively to help with your efforts and suggestions in reaching this goal.

Good luck during this academic year!

Dr. Richard Hagemeyer.

### Assistant Dean and Student Council President Visit Governor

James F. Alexander, the assistant dean and Ronnie Bradley, president of the student council made a trip to Raleigh on September 23, at the invitation of Governor Sanford.

Following a two hour motor trip and lunch, they went directly to the Governor's Mansion where representatives from all the Negro Colleges in the state of North Carolina were gathering, namely the president or director of the college and a student.

After being greeted by the Governor's secretary, they were introduced to all the representatives from other schools.

The Governor spoke with the assembled group at 2:00 p.m., relating his purpose for calling the meeting—to explore methods of settling grievances, other than through demonstrations. The problem was approached from many angles, as opinions were expressed. It seems significant that Governor Sanford did not say to stop demonstrations but to try and find other ways of mediation.

It appears that the Governor wants to better conditions for everyone.

This meeting could not be called a success or a failure, but an attempt to share viewpoints on a pressing problem.

Punch and cookies were served after the discussion.

The student council president considers this meeting with the Governor one of the highlights of his activities for the school year.

### Additions To Our Faculty

We would like to take this opportunity to welcome all our new instructors, librarian, assistant librarian and secretary.

Our new teachers are: Mr. Oscar Bidgood, Mrs. Dora Johnson, Mr. Samuel McLean, and Mr. E. W. McNair. Librarian, Mrs. Barbara Hendricks; assistant librarian, Mrs. Margaret Hunter; secretary, Miss Yvonne Massey.

Mr. Oscar Bidgood, English and Speech instructor, is a native of Charlotte. He received his A.B. from Johnson C. Smith University. He has done further study at North Carolina College and at Duke University. Before coming here, he was English instructor at Henderson Institute, Henderson, North Carolina. His hobbies are reading and sports. Mr. Bidgood indicated that since he has been on the campus, he has become fond of the students as a whole. He also stated that they seem to have a goal which they want to obtain.

Mrs. Dora Johnson, teacher of Typewriting, Business English, First and Second year shorthand, is a native of Pageland, South Carolina. She received her B.S. from the Agricultural and Technical College of North Carolina and the M.A. from Teachers College, Columbia University. She has also done further study at the University of North Carolina at Greensboro. Before coming here, she taught at Barber-Scotia College. Her hobbies are sewing, reading, and knitting. Mrs. Johnson says that the students here have impressed her as far as their studies are concerned because they seem to be athirst for knowledge.

Mr. Samuel McLean, instructor of Math, Introduction to Psychology, survey of the Old Testament, and Introduction to Ed-

(Continued on Page 3)

### Director Receives Pin For Recognition Of Service

Amid an atmosphere of academic accomplishment, James F. Alexander, the director of this institution, received a miniature of the State Seal of North Carolina.

The pin was awarded to Mr. Alexander by Senator Irwin Belk of Mecklenburg County, in recognition of eleven years of meritorious service to education in this state. The presentation was clearly one of the highlights of the 1963 June Commencement exercises and was considered, by many, as one of the outstanding events in the history of the school.

Much glory was added to the occasion as Senator Leroy Johnson, the first Negro senator of Georgia since reconstruction, delivered the commencement address. He gave a glowing account of the Negro's progress and a challenge to all Negroes to prepare for the future. Thus, was the stage set for the presenting of an award to a man who has labored assiduously toward progress of education in North Carolina.

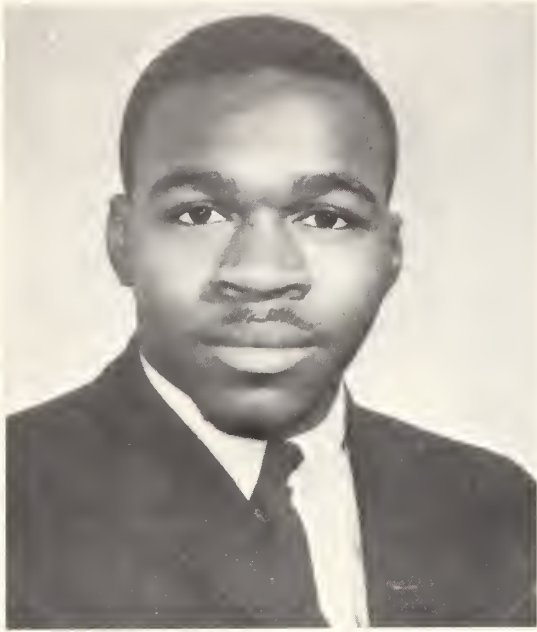

Mr. Alexander's career as an educator began with the completion of his work at Johnson C. Smith University, where he received the B. S. degree, and the Agricultural and Tech-College of North Carolina, where he received the M.S. degree. After teaching for a brief period in Nashville, N. C., Mr. Alexander came to Mecklenburg County as an instructor in general science and biology. He has served this institution as registrar, teacher and director.

He now holds the distinct honor of serving as Assistant Dean of the Beatty's Ford campus, Charlotte Community College System.

David Scott.
